Accounting Research Workshop @ LMU

Prof. Dr. Christian Hofmann
Prof. Dr. Deborah Schanz
Prof. Dr. Thorsten Sellhorn
The “Accounting Research Workshops” (ARW) usually consists of two parts: (1) office visits with the junior and senior faculty, and (2) the presentation of a paper.

The day starts at 9:00 am with a joint breakfast with one of our Accounting Cluster members in a restaurant within walking distance of the university.

Afterwards, the half-hour office visits begin and end in the afternoon.

All members of the Accounting Cluster as well as few external guests will actively participate in the ARW to provide you with valuable feedback on your research project.

Moreover, please send us the title and abstract of your paper as soon as possible and the full paper at least one week before the workshop.

The paper presentation lasts 90 minutes.

The first 10 minutes will be without interruption to make sure that you have the opportunity to bring across the main message of your paper.

We will organize a notes taker for you.

The notes will be sent to you afterwards.

Data protection is an important concern for us. We would therefore like to inform you that pictures will be taken at the event. The pictures will be used for public relations. If you do not want to be photographed, please contact us before the event so that your wish can be taken into account. For more information, please refer to our data protection guidelines, which you can find here.

We are looking forward to seeing you at the ARW! ☺
We are looking forward to seeing you in Munich!
